

WK DICKSON COMMUNITY Heroes

Bob Froneberger

For 39 years, Bob Froneberger, project manager in Charlotte, has been involved with the South Carolina Football Officials Association (SCFOA). Three years ago he was elected into the SCFOA Hall of Fame for his outstanding work on the football field including officiating nine state championship finals, the Shrine Bowl game, the North-South All-State game, and over 450 varsity-level contests.

Bob states, "I've seen a lot of good players over the years and I've enjoyed getting to know them on the field. My wife puts up with it; she jokes that I love football more than her..."

The importance of Bob's influence to the players and coaches on the field cannot be overstated. During games he constantly demonstrates the meaning of good sportsmanship and the importance of following rules. Bob believes imparting these qualities early in a young man's life is essential for developing good character as an adult.

Thank you Bob for your dedication to the South Carolina Football Officials Association; your commitment in the community makes you a hero.
