

WK DICKSON COMMUNITY Heroes

Julie Ball

Julie Ball, Staff Scientist in the Columbia office, serves on the Children's Committee for the Sycamore Ridge Homeowner's Association. In this role, for the past four years Julie has organized special children's events such as an Easter Egg Hunt, Fall Festival and Children's Christmas Party.

"These events are great for the community; the kids really enjoy it and we need it. It is so nice to come together and have fun, the results are rewarding," Julie says.

Julie has two young children of her own at home, Noah is 18 months and Ava Claire is 6 years old.

Julie also has participated in the Susan G. Komen 3-Day for the Cure, organizing various fundraising events and outreach programs for breast cancer research. In both 2008 and 2009, Julie raised over \$5,000 and walked over 60 miles to help end breast cancer forever.

Thank you Julie for your commitments and for the difference you make in the community.
