

# WK DICKSON COMMUNITY Heroes

*We have two ears and one mouth so that we  
can listen twice as much as we speak.  
~Epictetus*

## Stephanie Thompkins

Stephanie Thompkins, Corporate Marketing Coordinator, has been involved with the Junior Welfare League (JWL) for three years. The Junior Welfare League is an organization of trained volunteers committed to serving and improving the quality of life for people living in York County, SC and the surrounding areas. They are dedicated to focusing on advocacy, health, education and awareness issues for children. The purpose is exclusively educational and charitable.

Stephanie lends a hand at numerous events throughout the year including a recent 'Spring Market' to benefit Tender Heart Ministries. Earlier this year she also spent time volunteering at Twice is Nice, a JWL shop whose profits are used to support organizations in the community (Hospice & Community Care, Pilgrims Inn, Dorothy Day Soup Kitchen, Harvest Hope, Keystone, etc.).

In 2010, two events Stephanie helped manage included a JWL project to benefit The Haven Men's Shelter and another event to benefit The Early Learning Partnership of York County. In 2009, Stephanie assisted with two events including a 'Spring Fling' for the York County Board of Disabilities & Special Needs, and a 'Kick the Can' Food Drive to benefit four local food pantries.

"I do this because I enjoy working with and helping others. When I was a 'Big Sister' in the Big Brothers Big Sisters Program, the greatest gift I could give my 'Little' was my time and attention," Stephanie says. She is also a Board Member for the York County School of Ballet.

Thank you Stephanie for your commitment to community service!
